

New Holland 700 Series Rotary Cutters Value Models

714GC 716GC 717GC

If you're a small-acreage property owner who wants to get your mowing and maintenance chores done quickly *and* save money, a New Holland 700 Series rotary cutter is the right choice for you. These new models cut through grass, weeds and light brush with powerful, worry-free performance, but are priced to be value leaders.

48", 60" and 72" cutting widths

Available in three models with 48", 60" and 72" cutting widths, 700 Series rotary cutters are built with heavier decks and greater cutting capacity than most competitive "economical" models. Designed for use with compact and utility tractors with 20 to 48 maximum horsepower, their productivity matches with the popular line of New Holland Boomer™ Compact and Utility tractors.

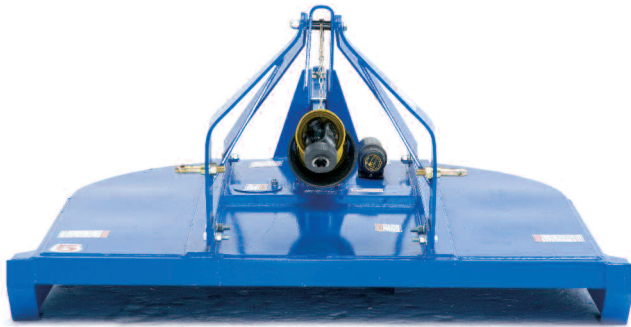

Performance and value

The 700 Series rotary cutters offer "Great Value" and are built with rugged features for long-life performance all around your property:

- Smooth, single-piece top adds strength
- A-frame, tailwheel boom and bracket are built for strength
- Smooth, rounded rear deck improves material cut and flow
- New heavy-duty 3/8" gearbox plate provides longer life
- Solid top weld and double steel wall top edge increases durability
- Stump/debris jumper with laminated tailwheel is heavy-duty design
- Gearbox and cutter are shear-pin protected
- 48 hp gearbox rating with 2-year warranty (limited to defects in workmanship/materials)
